# KWIKPACK®

LESS THAN 6 SECOND ASSEMBLY

MORE EFFICIENT ONE-PIECE DESIGN

FREIGHT AND STORAGE SAVINGS

INVENTORY MANAGEMENT SIMPLIFIED

RECYCLABLE AND BIODEGRADABLE

KWIKPACK® is an innovative packout system that bundles together our KODIAKOTTON® liners to efficiently install in less than 6 seconds. With a one-piece design, inventory management is simplified. This bundled pack saves floor and truck space and lowers freight and labor costs. KWIKPACK makes shipping perishables fast, easy and affordable while also providing an environmentally safe alternative to EPS foam coolers. The KODIAKOTTON KWIKPACK system is patent pending and is being used successfully in food and pharma applications.
