

GEL PACK REUSE INSTRUCTIONS

REUSE

Our Gel Packs can be reused countless times in similar applications. Simply store them in your freezer and use whenever you need to keep perishables cold.

FUN FACT : You can empty the gel pack contents onto your garden and it will help it grow!

FAQ

Are the contents safe?

All KODIAKCOOLER® gel packs contain earth-friendly, non-toxic ingredients.

What if my child or pet swallows the contents?

Although not for human consumption, the ingredients can be diluted with copious amounts of water if accidentally swallowed.

What are gel packs made of?

The ice gel content is made of 99% water. All other components are non-toxic, proprietary ingredients.

RECYCLE

Let the gel packs melt completely, snip the corner off a pack, empty into trash and recycle the outer covering with other **#4 plastics**.
